No photography or recording is permitted.

Young Sun Lee '16 started playing the harp two years ago at Williams College. She feels so lucky to have met her harp instructor and mentor, Elizabeth Morse. Now she finds playing the harp very soothing and plans to continue doing so after graduation in Madison, Wisconsin.

Meilu McDermott '16 started playing violin at age five and switched to the viola when at eight. At Williams College, she has taken private viola lessons along with playing in the Berkshire Symphony and in a wonderful piano quintet. She is very thankful for her viola teacher, Ah ling Neu, for her advice and support in both music and life.
