MUS 291: Chamber Music Instruction is offered for one-half course credit (5th course) and as such is governed under the rules for fifth courses. This means that it can be taken as pass/fail or as a graded course. Students are encouraged to take this course for a letter grade, but as with all fifth courses, pass/fail is also an option. (See the catalog for a full explanation of 5th course rules.)

Students are required to prepare for 10 one hour coaching sessions during the semester. Each chamber group is required to rehearse 2 hours, twice each week in preparation for the coachings. In addition students are expected to practice the assigned music individually and required to perform a complete chamber work publicly on at least one departmental studio recital during the semester. Coaching sessions are scheduled TBA based upon instructor schedule. Coaching sessions cancelled by the group are made up at the discretion of the instructor. Grading will be based upon preparation, attendance, public performance, and individual progress throughout the semester.
